

Potential Partners,

NAEA is a 501c3 non-profit organization. It is operated exclusively by a team of volunteers across the country with a passion for student success in alternative and non-traditional schools. Your Premium Partnership helps to support the ability of the organization to continue to grow and provide its reach beyond the current 3,000+ membership (representing all 50 states) with unique high quality professional development opportunities. We thank you in advance for your consideration of a Premium Partnership with NAEA for the July, 2017 – July, 2018 fiscal year. Contact Dr. Pamela Bruening (239-289-3050).

With gratitude,

NAEA Board of Directors
